Hamilton Physician Group is a group of physician practices that have aligned with Hamilton Health Care System to form a partnership to help further enhance the overall patient experience. What does that mean for our patients? Coordinated care throughout the entire continuum of care - from primary and specialty services provided by Hamilton Physician Group, to our larger system of ancillary services and acute care hospital, Hamilton Medical Center. <https://www.hamiltonhealth.com/patients-visitors/hamilton-physician-group/>

Hamilton Medical Center is committed to changing lives and transforming care. As Hamilton continues to enhance the health care experience for patients and their families, its approach to cancer care is no exception. To meet the current and growing needs of our region, Hamilton is developing a cancer institute, with fast and easy access to service and individualized oncology care right here in our own community. <https://www.hamiltonhealth.com/>

Dalton is nestled at the base of the picturesque, impressive North Georgia Mountains. This four-season community offers outdoor enthusiasts many choices for year-round enjoyment. Beautiful natural resources are readily available to provide lake access, kayaking, hiking, mountain and/or road biking. If you enjoy a more metropolitan feel, **Chattanooga, Tennessee is a short 30 minute commute and Atlanta is only a 90 minute drive.** <https://www.chattanoogaofun.com/>

If you're looking to live in a **family friendly community with excellent schools**, this opportunity should interest you. I hope I have the chance to tell you more about this wonderful position.

Warmest regards,
