Note 1: Subtitle B - Miscellaneous Provision, Section 1011 of the Medicare Prescription Drug Improvement and Modernization Act of 2003 provides federal reimbursement for emergency health services furnished to undocumented aliens. If your hospital received these funds during any cost report year covered by the survey, they must be reported here. If you can document that a portion of the payment received is related to non-hospital services (physician or ambulance services), report that amount in the section titled "Section 1011 Payments Related to Non-Hospital Services." Otherwise report 100 percent of the funds you received in the section related to hospital services.

Note 2: Report any DSH payments your hospital received from a state Medicaid program (other than your home state). In-state DSH payments will be reported directly from the Medicaid program and should not be included in this section of the survey.

L. Provider Tax Assessment Reconciliation / Adjustment

An adjustment is necessary to properly reflect the Medicaid and uninsured share of the provider tax assessment for some hospitals. The Medicaid and uninsured share of the provider tax assessment collected is an allowable cost in determining hospital-specific DSH limits and, therefore, can be included in the DSH examination survey. However, depending on how your hospital reports it on the Medicare cost report, an adjustment may be necessary to ensure the cost is properly reflected in determining your hospital-specific DSH limit. For instance, if your hospital removed part or all of the provider tax assessment on the Medicare cost report, the full amount of the provider tax assessment would not have been apportioned to the various payers through the step down allocation process, resulting in the Medicaid and uninsured share being understated in determining the hospital-specific DSH limit. If your hospital needs to make an adjustment for the Medicaid and uninsured share of the provider tax assessment, please fill out the reconciliation below, and submit the supporting general ledger entries and other supporting documentation to Myers and Stauffer, LC along with your hospital's DSH examination surveys.
