

If you are uninsured or will be paying for your services without use of certain types of health insurance, you have the right to receive a “Good Faith Estimate” explaining how much your health care will cost before those items or services are provided.

- You have the right to receive a Good Faith Estimate for the total expected cost of any health care items or services upon request or when scheduling such items or services at least three business days in advance. This includes costs like medical tests, prescription drugs, equipment, and hospital fees.
- We will provide you a good faith estimate:

Within 1 business day	For services scheduled 3-9 business days in advance
Within 3 business days	For services scheduled at least 10 business days in advance
	Upon request

- Your estimate will only include charges from the facility or provider giving you the estimate and you may need to contact other providers involved in your care to get information regarding their costs.
- If you receive a bill that is at least \$400 more for any provider or facility than your Good Faith Estimate from that provider or facility, you can dispute the bill. For questions or more information about your right to a Good Faith Estimate, visit

If you have questions about your right to a Good Faith Estimate from Vitruvian Health, please contact the facility’s or provider’s billing office.
