ABOUT THE CONFERENCE

MISSION

The Abilities without Limits Conference & Expo is a collaborative event designed to empower, educate, and connect individuals who support people with differing abilities across the lifespan. This conference brings together parents and caregivers, educators, healthcare professionals, therapists, young adults, self-advocates, and community members for a day of learning, networking, and resource sharing.

AUDIENCE

Attendees will gain practical knowledge, evidence-based strategies, and valuable resources to better support individuals with a wide variety of differing abilities in home, school, healthcare, workplace, and community settings. Through engaging presentations, interactive discussions, and an extensive exhibitor expo, participants will explore topics related to education, healthcare, independent living, employment, advocacy, community inclusion, and family support.

WORKSHOPS

Participants can choose from 24 different sessions on 6 different tracks: new educators, experienced educators, parents, healthcare providers, young adults with a variety of differing abilities, and Spanish-language led.

EXHIBITORS

Attendees and exhibitors can make great connections and find new resources.
